Lecture poster courtesy of SCI-Arc

October is here and [SCI-Arc](#) shares their Fall 2021 events and lecture series. With an exciting line-up of guests, the school will be showcasing two exciting exhibitions in addition to their hybrid lecture program.

Archinect's ongoing [Get Lectured](#) series features each school's lectured series and their graphic design prowess with eye-catching lecture posters.

Want to share your school's lecture series? Send us your school's lecture series poster and details to connect@archinect.com.

Kicking off the month of October SCI-Arc will be hosting "[Expanding the Archive: A Graduate Thesis 2021 Film](#)" from October 1 - 10. On October 6, Marion Weiss of [Manfredi/Weiss](#) will give her lecture "[Liftoffs and Landings](#)" on October 6. [Florian Isenberg](#) will present his lecture "[Strings Attached](#)" on October 13 followed by a lecture given by [Alison Saar](#) titled "[The thread that leads the word](#)" on October 20.

The opening reception of [David Freeland](#)'s exhibition "[Views from the Field](#)" will take place on October 22 and run through December 5. [Andrew Thomas Huang](#) will discuss "[Queer Morphologies and Digital Spirits](#)" on November 3 followed by a lecture given by [Victor Jones](#) on November 10 titled "[In a Strange House](#)." On November 17, [Darell Wayne Fields, Ph.D.](#) will present his lecture titled "[Unraveling](#)" and concluding their Fall lecture series is a lecture from Tsuyoshi Tane on December 1. Tane will discuss the topic of "memory of place as a guiding principle" through architecture in his lecture "[Archeology of the Future](#)."
